

Smoking Policy Reminder

University policy prohibits smoking (including E-cigarettes) in all campus buildings / university vehicles and within a ten-meter perimeter of any university building or air intake.

Goals of the University of Saskatchewan Smoking Policy are:

- To minimize exposure to second-hand smoke / vapours containing hazardous chemicals
- To promote a healthy and safe work and learning environment for all staff, faculty, students and visitors
- To ensure compliance with applicable provincial regulations and civic bylaws

Remember the following:

- Smoking is **prohibited** inside any building on campus
- Smoking is **prohibited** within a ten meter perimeter of a university building or air intake
 - Be aware of how close you are to a door / window / air intake when you smoke
 - Be observant of “No Smoking” signs and comply
 - Use a proper ashtray
 - Do not move (or attempt to move) ashtrays

The Smoking Policy can be reviewed at: <http://policies.usask.ca/policies/health-safety-and-environment/smoking.php>
